## INDEPENDENT AUDITORS' REPORT

To the Board of Directors  
Plano Symphony Orchestra  
Plano, Texas

We have audited the accompanying financial statements of Plano Symphony Orchestra (the "Association"), a nonprofit corporation, which comprise the statements of financial position as of June 30, 2021 and 2020, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditors' Responsibility***

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Association's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### ***Opinion***

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Plano Symphony Orchestra as of June 30, 2021 and 2020, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Notes to Financial Statements

## **1 - Nature of Organization and Activities**

Plano Symphony Orchestra (the “Association”) is a nonprofit corporation organized to inspire, educate, entertain and involve the children, youth and adults of our community in the enjoyment of great music. The Association’s activities are generally exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code.

## **2 - Significant Accounting Policies**

Basis of Accounting - The financial statements of the Association have been prepared on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned, and expenses are recorded when the obligation is incurred. The financial statements have been prepared using accounting principles generally accepted in the United States of America (“U.S. GAAP.”)

Basis of Presentation - Net assets and revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets and changes therein are classified as follows:

Net Assets Without Donor Restrictions - Net assets available for use in general operations and not subject to donor restrictions.

Net Assets With Donor Restrictions - Net assets subject to donor-imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions may be perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Revenue Recognition - The Association is supported primarily through contributions, sponsorships, grants, fundraising events, and ticket sales. Revenues related to contributions, sponsorships, and grants are recognized when the funds are received or the promise is made. Revenues related to fundraising events and ticket sales are recognized evenly over the period of time during which services are rendered. All revenues are recognized in an amount that reflects the consideration the Association has received or expects to receive in exchange for those services.

Performance Obligations - Performance obligations related to fundraising events and ticket sales revenues are satisfied over the period of time for which concerts are performed or specific conditions are met.

Cash and Cash Equivalents - For purposes of reporting cash flows, the Association considers all bank deposits and highly liquid financial instruments with an original maturity of three months or less, which are neither held for nor restricted by donors for long-term purposes, to be cash and cash equivalents. Cash and highly liquid financial instruments restricted for capital needs, endowments that are perpetual in nature, or other long-term purposes are excluded from this definition.

Pledges Receivable - Pledges receivable are comprised of uncollected Virtuoso Society pledges, net of a \$5,000 allowance for doubtful accounts for the year ended June 30, 2021 and a \$10,000 allowance for doubtful accounts for the year ended June 30, 2020. See Note 4 for more information on pledges receivable.

Other Receivables - Other receivables are comprised of uncollected contributions and ticket sales and are considered fully collectible at June 30, 2021 and 2020.

**PLANO SYMPHONY ORCHESTRA**  
Notes to Financial Statements

**2 - Significant Accounting Policies (continued)**

Investments - As required by the Not-for-Profit Entities Investments of Debt and Equity Securities topic of the Financial Accounting Standards Board *Accounting Standards Codification* (the “FASB ASC”), investments in marketable equity securities with readily determinable fair values and all investments in debt securities are carried at their fair values in the statements of financial position. Dividends, interest, realized gains and losses, and unrealized gains and losses are included in the change in net assets.

Property and Equipment - Property and equipment are recorded at cost, if purchased, and fair market value at date of donation, if contributed. Maintenance, repairs, and minor renewals that do not significantly improve or extend the lives of the representative assets are expensed when incurred. Additions, improvements, and major renewals of \$1,000 or greater are capitalized. Capitalized instruments that have special significance are not being depreciated.

Depreciation is calculated using the straight line method over the estimated useful lives of the respective assets as follows:

Building and improvements	15 - 40 years
Furniture, fixtures and equipment	3 - 5 years

Deferred Revenue - Deferred revenue results from payments received for concerts to be performed in the next fiscal year.

Board Designated Endowment Fund - Endowment assets include board designated funds that the Association intends to hold long-term. The current long-term objective is to raise additional funds for the endowment, so that the endowment assets can return income, net of investment fees, sufficient to provide a predictable stream of funding for the programs supported by the Association. The Association's investment policy allows for these funds to be invested in a mix of mutual funds and exchange-traded funds, subject to certain conditions. The Association's spending policy allows for 5% of the unrestricted endowment portfolio balance to be used to fund operations of the Association each year, subject to certain conditions.

Grants - Grants require the fulfillment of certain conditions as set forth in the grant instrument. Failure to fulfill the conditions could result in the return of the funds to grantors. Although that is a possibility, the Board deems the contingency remote.

Donated Assets - Donated marketable securities and other noncash donations are recorded as contributions at their estimated fair values at the date of donation.

Use of Estimates - Management used estimates and assumptions in preparing these financial statements in accordance with U.S. GAAP. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

Functional Allocation of Expenses - The costs of program and supporting services activities have been summarized on a functional basis in the statements of activities. The statements of functional expenses present the natural classification detail of expenses by function. Accordingly, certain costs have been allocated among the programs and supporting services benefited on the basis of estimates of time and effort.

Compensated Absences - Employees of the Association are entitled to paid time off depending upon length of service and other factors. The Association cannot reasonably estimate the amount of compensation for future absences; accordingly, no liability has been recorded in the accompanying financial statements. The Association's policy is to recognize the cost of compensated absences when paid to employees.

**PLANO SYMPHONY ORCHESTRA**  
Notes to Financial Statements

**2 - Significant Accounting Policies (continued)**

Income Taxes - The Association follows the Income Taxes topic of the FASB ASC, which prescribes a comprehensive model for the financial statement recognition, measurement, presentation and disclosure of uncertain tax positions taken or expected to be taken in income tax returns. The Association is not aware of any activities that would jeopardize its tax-exempt status and is not aware of any activities that are subject to tax on unrelated business income. As of June 30, 2021, the Association has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements and does not expect this to change in the next twelve months. The 2018 through 2021 tax years remain subject to examination by the Internal Revenue Service.

**3 - Liquidity and Availability of Resources**

The Association operates under a budget approved by its Board of Directors (the “Board”), who is responsible for monitoring the liquidity necessary to meet the Association’s operating needs. The Board meets periodically throughout the year to evaluate the actual results of financial operations versus the budget. Additionally, the Association maintains certain Board-designated and donor-restricted funds, purposed for various activities of the Association. Association management, in accordance with Association policy and/or in collaboration with the Board, appropriates resources from Board-designated and donor-restricted funds as needed.

Financial assets available for general expenditure, that is, without donor restrictions limiting their use or without requiring specific action of the Board, within one year of the dates of the statements of financial position are comprised of the following:

	<u>2021</u>	<u>2020</u>
Cash and cash equivalents	\$ 173,170	\$ 176,056
Accounts receivable, current portion	200,286	184,363
Investments	<u>359,548</u>	<u>370,480</u>
	733,004	730,899
Donor-restricted funds, less portion related to long-term pledges receivable	(172,333)	(186,752)
Board-designated funds	<u>(150,626)</u>	<u>(135,617)</u>
Financial assets available to meet general expenditure needs within one year	<u>\$ 410,045</u>	<u>\$ 408,530</u>

**PLANO SYMPHONY ORCHESTRA**  
Notes to Financial Statements

#### 4 - Pledges Receivable

Virtuoso Society pledges have a five-year term. All other pledges are due within one year of when the commitments are made. The current portion of pledges receivable represents pledges due within one year. The long-term portion represents pledges due during subsequent fiscal years. Total pledges receivable are recorded net of a \$5,000 allowance for doubtful accounts the year ended June 30, 2021 and a \$10,000 allowance for doubtful accounts for the year ended June 30, 2020.

Pledges receivable at June 30, 2021 and 2020 are summarized as follows:

	2021		
	Current	Long-term	Total
Virtuoso Society pledges	\$ 29,284	\$ 5,020	\$ 34,304
Less allowance for doubtful accounts	(4,000)	(1,000)	(5,000)
	<u>\$ 25,284</u>	<u>\$ 4,020</u>	<u>\$ 29,304</u>

	<u>\$ 46,163</u>	<u>\$ 30,481</u>	<u>\$ 76,644</u>

#### 5 - Fair Value Measurements and Disclosures

The Association follows the Fair Value Measurements topic of the FASB ASC for all financial assets and liabilities measured at fair value on a recurring basis. The topic establishes a framework for measuring fair value and enhances disclosure requirements for fair value measurements. The topic defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The topic establishes market or observable inputs as preferred sources of values, followed by assumptions based on hypothetical transactions in the absence of market inputs. The topic establishes a hierarchy for grouping these assets and liabilities, based on the significance level of the following inputs:

Level I – Quoted prices in active markets for identical assets or liabilities.

Level II – Quoted prices in active markets for similar assets and liabilities, quoted prices for identical or similar instruments in markets that are not active, and model-derived valuations whose inputs are observable, or whose significant drivers are observable.

Level III – Significant inputs to the valuation model are unobservable.
