EDUCATION AND OUTREACH PROGRAMS

The **PSO's music education and community outreach programs** have been recognized for their thoughtful curating of educational experiences that extend well beyond the concert setting.

The **SCHOOL CONCERT EDUCATION PROGRAM**, our largest outreach program, is designed to be an integral part of the fine arts curriculum for elementary school students from 150 schools in 7 area school districts. Of the participating schools, 39% serve Title I students. The program consists of an online TEKS-based multi-media presentation, PSO musician in-person and virtual school campus visits, and culminates in a concert experience field trip given during the second semester.

The **INSTRUMENT PETTING ZOO** is a free outreach program featuring a selection of instruments made available for use by libraries, schools, and at community festivals and private events, often providing a child's first opportunity to handle and experience the power of making music.

The **PSO PIT PROGRAM**, in partnership with North Texas Performing Arts, trains student musicians to play in dynamic theatrical settings, providing opportunities to collaborate with theatre artists and preparing them for a multi-faceted musical career.

The **PSO MUSICIAN SCHOLARSHIP PROGRAM** funds private year-long instrumental lessons for qualifying PISD middle school students. Scholarships are awarded based on director referral and financial need.

The **COLLIN COUNTY YOUNG ARTIST COMPETITION** provides gifted young musicians with the opportunity to showcase their talents and compete for a chance to perform as a featured soloist with the PSO.

HEALING NOTES is an interactive music-therapy program for seniors and incarcerated youth. Partners include area senior living and rehabilitation facilities, private memory care centers, hospitals, and the Collin County Juvenile Detention Center. These programs are presented free to those in attendance, made possible through community sponsors and partnerships.
